

Seminar on High Performance Materials for Civil Engineering Structures

Date: August 12th, 2009 (Wed.)

Time: 16:00 ~ 18:00

Venue: Meeting Room, 2nd Floor, Department of Civil
and Environmental Engineering (Bldg. 1)

Lecturer: Professor, Ph.D., Issam Elias HARIK
Department of Civil Engineering,
University of Kentucky, USA

Research Areas:

Structural, Seismic,
Bridge Analysis and Design,
Fiber Reinforced Plastic Composites,
Reinforced and Prestressed Concrete,
Plates and Shells
