

Special Lectures on Civil and Environmental Engineering

For Faculty Development in Graduate School of Science and Engineering

Date : **March 7th (Fri), 2008**

Time : **10:00~11:50**

Place : **No.31 Lecture Room**

(Civil and Env. Engineering Building)

Program

10:00~10:50

Finite Elements in Structures

By H. Ronald Riggs, Ph. D

Professor in University of Hawaii at Manoa, U.S.A.

11:00~11:50

Intelligent Transportation Systems

By Panos D. Prevedouros, Ph. D

Professor in University of Hawaii at Manoa, U.S.A.

Supported by:

Educational Organization, Graduate School of Science and Engineering, Saitama University

Education Planning Office, Organization of Education and Student Support, Saitama University
