Dear Students

Executive Director (teacher/student) Tetsuya Yanagisawa

Notice in advance of the implementation of classes in FY 2022

Although the status of the COVID-19 infection is still unpredictable, we plan to conduct in-person classes in principle (classes in some departments may be held remotely) and classes will be held for 90 minutes (details below) in fiscal 2022, assuming that the infection status improves.

With regard to the above procedures, please note that if the infection situation of the novel coronavirus infection does not improve, it is possible to change the class format to the one based on the principle of high-flex classes after discussion within the school.

Universities will continue to make efforts to prevent the spread of infection. We ask for your cooperation and preparation to take classes while thoroughly implementing basic infection control measures.
