Saitama City has taken many hard-earned lessons from the disasters of the past.

So we keep prepared each day for future earthquakes and other disasters.

In this effort, we (Saitama, Chiba, Tokyo, Kanagawa, Yokohama, Kawasaki, and Sagami) hold the Joint Inter-Prefectural and Municipal Disaster Prevention Training Fair each year, enhancing and strengthening the “self-help” and “mutual aid” ability of residents and workplaces.

【 At the Disaster Prevention Fair 】

Fire Extinguishing

Learn how to put out a fire with a fire extinguisher.

Earthquake Experience

Take a ride in an Earthquake simulator, stay calm and brace yourself.

Smoke Tent

Learn how to move to a safe area while trying not to inhale the smoke.

VR Disaster Experience

Experience a disaster zone via virtual reality (VR).

Flood Experience

Experience the strong pressure floodwater can put against the door of your house.

Emergency Vehicle Display

Learn about and take pictures of firetrucks, patrol cars, and Self Defense Force vehicles.

This year features a fire truck and helicopter rescue demonstration, a virtual reality disaster zone experience, a flood disaster experience, stamp rally and much more!

The disaster training fair provides many fun and informative experiences that will get you prepared. Come join us!

The fair is outdoors, so please stay hydrated and take breaks to avoid heat stroke.

The cost of this event was 34 million yen (approximate)
