CampusSquare has a web-based attendance registration feature. When faculty members use this function to take attendance, they need to access the attendance registration screen from their own computers or smartphones and register their attendance.

If you are a faculty member, please refer to this manual to register your attendance using the web attendance registration (key number registration).

The web attendance registration function will not register as attendance if you fail to enter your attendance within the time limit. Please be sure to read this manual in advance and be prepared to log in so that you will not be rushed at the beginning of class.

XNot all classes will be registered for attendance by key number.

1. Register attendance using the web attendance registration (key number registration).

CAMPUSSQUARE

(1) To register your attendance, you will need to access <u>this URL (https://attendance.risyu.saitama-u.ac.jp/campusaa/?locale=en US</u>) and log in with your own account.

*Place a shortcut on the home screen of your smartphone or register a bookmark so that you can access it anytime.

Please note that the login screen (URL) is different from that of CampusSquare for course registration and grade reference.

(2) Log in using your Unified authentication account, where the ID is "s + student ID number(s24LL999)" and the password is the Unified Authentication Account password provided in the notification distributed at the time of enrollment (or the password you changed if you changed it yourself).

You can also access the attendance registration site using this QR code.

1. Register attendance using the web attendance registration (key number registration).

(4)After logging in, the Attendance Key Number Registration/Class List screen will open, and click "Report Attendance" for the class for which you wish to register attendance.

This is an important notice to inform you of the introduction of the new attendance registration system.

The following actions are considered serious fraud and are strictly prohibited.

- Giving your key number to others.
- Transferring information about the input decision time to others.
- Registering attendance when you are not actually present.
- Using another person's account to register attendance.

It is strictly prohibited to share the information provided in class regarding key numbers and input judgment time with others by any means (LINE, email, SNS, etc.).

Any unauthorized attendance or prohibited information sharing that is discovered will be subject to severe disciplinary action.

Each class offered by Saitama University is prepared for your growth. Missing out on such opportunities by improper attendance is nothing but a betrayal of yourself.

Your university life is a period of preparation for becoming a member of society. Your honest behavior here will help build your credibility in the future.

The new attendance system is designed to accurately track your learning and provide appropriate support.

Please understand these purposes and act appropriately as a university student.
