

SDGs x Culture x Art Experience

DAY TRIP BUS TOUR IN SAITAMA

Japanese and international students will experience a sustainable future, American culture, and creative arts together. It's a day full of learning and discovery, including a tour of an industrial waste recycling plant, a stroll through Johnson Town, and a spectacular art exhibition at Kadokawa Musashino Museum. Why not experience the appeal of SDGs and culture while engaging in international exchange?

Kadokawa Musashino
