

Saitama University Students Behavioral Guidelines

We are working to prevent the spread of new coronavirus infections based on the "Manual for dealing with new coronavirus infections".

To protect each other, students should follow the manual and take the following actions.

Open Windows

To ventilate the air in classrooms, open multiple windows for a few minutes more than once per hour.

Keep distance

Maintain a distance, 1 meter or more with other people.

Avoid crowds

Avoid close conversations and vocalizations. If it is unavoidable, wear a mask.

Keep doors open

Keep doors open to avoid touching shared surfaces.

Wash and Clean

Please wash your hands frequently before and after lectures or research. Also, be sure to carry a towel or handkerchief with you.

Check temperature

Check your temperature every Morning. If you have a fever, do not come to the university and follow the manual.

Keep a log

Keep a record of where you sat and who you were with during classes, studies, and meals in case contact tracing is necessary.

Stay home

Stay at home and avoid going to the university or going out for non-essential purposes.

Current risk level (June 8th)
Level 0 / Normal operations
Level 1 / Partial restrictions
Level 2 / Minor restrictions
Level 3 / Moderate restrictions
Level 4 / Severe restrictions
Level 5 / All campus activities suspended
