

Congratulatory Message from President Zhang Shiqiang, University of Jinan

On behalf of all faculties and students at University of Jinan(UJN), I would like extend our warmest congratulation to 70th anniversary of Saitama University on Nov. 29th 2019.

It's always a great pleasure to continue deepening and strengthening international collaboration between us two universities. It is hopeful that more students could join our cooperative programs and explore more cooperation fields.

Wish our friendship last forever.
