

Hisep Special Seminar

The Light Fantastic : Understanding Light and Its Applications

Dr. Lewis M. Antill

Special Project Researcher (Saitama Univ)

PRESTO Researcher (JST)

Date & Time : 13:30-14:50PM of 10 Dec. 2020

ABSTRACT

Imagine you are walking through the park in spring, viewing the cherry blossoms.

We know that light reflects off the flowers to your eyes and informs you that they are pink, but what is light, exactly? This lecture will discuss the answers to this question and their impact on society.

This is an **ONLINE-SEMINAR** with ZOOM service for all students in Faculty of Science and also ones are interested in the natural science.

Contact "hisep.saitama@gmail.com" to get a connection URL.

第9回HiSEP特別セミナーは、埼玉大学理学部で外国人特別研究員として研究されている方をお招きしてセミナーをお願いしました。光の性質をテーマとした科学的な内容とともに、実際に光に関連する素材の紹介や解説をしていただく予定です。広く理工系・他学部の学生の皆さんの参加も歓迎しますのでふるってご参加ください。

Organized by HiSEP. Faculty of Science, SAITAMA Univ.
